

# Social Exclusion and Poverty

Social exclusion

Poverty

two critical problems that harm social peace.

91 million people across the EU who were at risk of social exclusion and poverty in 2019

91 million

20.9%

of the total population.

the ratio of people at risk of poverty In the EU

15%

for EU citizens

38%

for non-EU country citizens

19%

In 2019, the rate of those at risk of social exclusion and poverty among EU citizens is 19%, which is one-fifth of the total number. However, the highest proportion was among non-EU immigrants.

44%

These two problems affect 44% of the total population of new immigrants.

With its social mentoring program, Orient8 aims to minimize the difficulties that newcomers experience in social life.
